About

The Florida Department of Transportation (FDOT), District One, is conducting a Project Development and Environment (PD&E) study to evaluate replacement alternatives for the Little Ringling bridges on State Road (SR) 789 over Coon Key waterway in Sarasota, for a distance of approximately three quarters of a mile. Replacement alternatives considered may include twin bridges or a single bridge, as well as bicycle and pedestrian accommodations for all alternatives.

Design services are part of this contract and will continue after the PD&E study completion.
