About

The Florida Department of Transportation began a drainage improvement project on Combee Road in Lakeland, Florida in early September 2025. Improvements include installing new drainage structures and pipes, installing ditch bottom concrete, reconstructing asphalt in damaged areas, and milling and resurfacing the roadway.

The normal work schedule is from 7 p.m. to 5 a.m., Sundays through Thursdays, but may be adjusted as needed. Watch for lane closures with flaggers directing traffic.

During construction near South Eastside Drive, South Eastside Drive will be closed at Combee Road with traffic detoured using East Main Street.
